Structural Portfolio

LJB has national experience providing architecturally diverse designs that save construction dollars. Our design and construction partners have enlisted LJB to deliver more than 75 projects—encompassing new construction, renovations, and additions. We thrive on the challenge to deliver designs that balance rising costs and unmovable deadlines, with appealing, safe, and sustainable learning environments.

LJB Services:

- New construction
- Renovations
- Additions
- Adaptive reuse
- Steel detailing

FLORIDA INTERNATIONAL UNIVERSITY (FIU)

LJB provided structural design for this \$25 million expansion of FIU’s Wellness & Recreation Center. The utilization of concrete design offered many efficiencies including being able to withstand high impact winds without damage.

- 72,000 SF
- Tilt-Up Achievement Winner
- Location: Miami, FL

NEWTOWN YOUTH SPORTS ACADEMY

This non-profit youth sports facility was the first step in revitalizing a vacant campus. The building features a soccer field, basketball courts, fitness center, running track and office space, as well as classical architectural elements.

- 86,000 SF
- Sports Facility Academy
- Location: Newtown, CT

SATELLITE HIGH SCHOOL

Extreme site constraints added to the complexity of this project. LJB’s design solution saved 110 days on the schedule and nearly \$100,000 in construction costs, all while allowing the existing school to remain open during construction.

- 32,000 SF
- Two-story academic building in a campus upgrade project
- Location: Satellite Beach, FL

Education

Manatee Charter School
 Bradenton, FL
 Size: 64,000 SF
 Two-story charter school
